

* As determined by reader or independent reviewer

| Metric | Metric Type | Category | Metric Title |
|--------|-------------------|--------------------|--|
| 1 | Efficiency / Cost | Financial | Average percentage of variance in the imaging budget |
| 2 | Cycle Time | Contract Signature | Average number of calendar days from imaging study award to contract signature |
| 3 | Timeliness | Site Start-Up | Percentage of sites qualified vs. actual |
| 4 | Cycle Time | Site Start-Up | Average number of calendar days from site designated ready to first date of image receipt |
| 5 | Cycle Time | Image Acquisition | Average number of calendar days from image acquisition to image receipt |
| 6 | Cycle Time | Image Acquisition | Average number of calendar days from image receipt to initial feedback to site |
| 7 | Cycle Time | Image Processing | Average number of calendar days from image QC complete to reporting of eligibility results |
| 8 | Cycle Time | Image Processing | Average number of calendar days from image receipt to ready for independent review |
| 9 | Cycle Time | Image Processing | Average number of calendar days from when the image is designated for review to completion of the review |
| 10 | Quality | Image Quality | Percentage of suboptimal (but evaluable) images* |

| Metric | Metric Type | Category | Metric Title |
|---------------|-------------|-------------------------------------|--|
| 11 | Quality | Image Quality | Percentage of non-evaluable images versus total received* |
| 12 | Quality | Image Quality | Percentage of non-evaluable baseline images* |
| 13a | Quality | Missing Imaging | Percentages of missing imaging visits (baseline) |
| 13b | Quality | Missing Imaging | Percentages of missing imaging visits (non-baseline) |
| 14 | Quality | Image Queries | Percentage of site queries |
| 15 | Cycle Time | Image Queries | Average number of calendar days an imaging query is outstanding |
| 16 | Cycle Time | Export Submission | Average number of calendar days from last patient reviewed to delivery of dataset |
| 17 | Timeliness | Export Submission | Average number calendar days from original estimate to actual for export submission |
| 18 | Cycle Time | Independent Review Charter | Number of weeks to develop and write independent review charter |
| 19 | Quality | Acquisition Protocol Robustness | Number of image acquisition technique-related amendments per modality per protocol |
| New Metric 20 | Quality | Image Acquisition / Site Compliance | Percentage of images acquired at sites within agreed upon timeframe for Imaging Timepoint (as defined by protocol) |
| | Timeliness | | |
